SPECIFICATIONS OF AUTOMOBILES

All vehicles in races and other speed events must comply with the General Requirements of Automobiles (see "General Requirements for Cars and Drivers" in the CAMS Manual of Motor Sport).

3rd Category – Touring Cars
Road Registered Cars

1. To be eligible for this appellation, cars must comply with the provisions of any one of the groups herein (2nd and 3rd Categories), and generally comply with the requirements for cars used for racing; ie, relevant parts of "General Requirements for Cars and Drivers" in the CAMS Manual of Motor Sport.
2. Cars must be properly registered with a State or Territory Traffic Authority for use on public roads and must be maintained in compliance with the relevant traffic authority requirements except for the exhaust system.
3. Wheel rim width must not exceed 8½".
4. Tyres must be of a make and type which appear on the Production Car tyre list (Schedule E – refer "General Requirements for Cars and Drivers").
5. Log books will be issued for "Group *XX* (Road Registered)" – for example: **"Group 2B (Road Registered)".**
